

About your son who died out in Africa.

Here is the letter that Pierre wrote to, Robert M Mathias, his father-in-Law giving him the sad news that Gentien had died. Interesting to note that he called his father-in-Law "Dad." Both Pierre's father and father-in-Law were born in the same year.

Neither Pierre nor Diana wrote to inform Henriette Soyer that Gentien, her only grandson, had died. Although Diana was worried that this had not been done.
