Invasion

Notes for Nancy:

Panels include writing as a panel, eg most pages have 6 panels.
Also on on my web site the comic page I would like to change to this new version of "Invasion1."
Purple mean there are things about the file that are your preference or information on where to find the file

If the witting is in blue is is because Dave Boyd has put the files in the drop box has not given me the file yet. When he does the file will be in a different folder. Dropbox - gentien the corporal- Gentien

All other files can be found in Dropbox - Diana De Bosmelet. The files A- Z can be found easily there is no File I. Other documents are in the folder
